Kind Words....

"Ms. Marsh is that rare presenter who is able to deliver serious information with panache and energy. She is articulate, funny, touching, and down-to-earth a combination that ensures her audience is fully engaged in all that she has to say. Her enthusiasm for her subject is contagious and lends itself to vigorous feedback and audience participation. The Ames Free Library hosted approximately 200 adult events in the last calendar year. The events contributed to the library's winning of a finalist position in the competitive Best Small Library in America 2011 award. I would personally place Kristi Marsh in the top 15 presenters for a year that witnessed a highly noteworthy set of speakers." *Uma Hiremath, Ph.D. Assistant Director Ames Free Library*

"Choosing Wiser seems not only worthwhile, but actually doable. Even by regular, non-hippie, non-wealthy, non-research-lab-owning ordinary people like me." Chandra Rambo, Everyday-Me

"Eleanor Roosevelt said, 'Many people walk in and out of your life but only true friends will leave footprints on your heart.' I feel you have truly left a footprint in the Purdue North Central Women's Association." *Laura Odom, President Purdue North Central Women's Association, Annual Spring Luncheon*

"I was at your talk at the Spring Conference. I love what your doing and the way you're making the speaking and writing work. I hope one day I can make a similar leap!" Stuart Pink, Toastmasters International World Champion 3rd Place, 2012

"Kristi, You are Amazing! Thank you for making the world a healthier place and for helping to give the beauty industry a makeover!" *Stacy Malkan, author of Not just a Pretty Face, The Ugly Side of the Beauty Industry, and founder of the Campaign for Safe Cosmetics.*
